

Dear Friends,

As we are all entering into a time of many unknowns and additional stress related to COVID-19 (Corona Virus) we would like to reassure you PDC Orenda Center continues to be available to provide advocacy, support, and resources to victims/survivors of domestic abuse and sexual assault. During this time the ways in which we provide services may temporarily look different to best support the health and safety of participants, residents, and staff.

For the time being all support group meetings will be suspended, we will be sure to post and reach out with updates as soon as we are able to safely resume these activities.

If you are in need of support or to connect with an advocate, please call the office at (715) 384-2971 to be connected with advocacy staff

If you wish to make any type of donation, please call first to further discuss the current needs and/or how to make a donation.

Thank you.

Sincerely,

*Renee Schulz*

Executive Director
