

To Friends Old and New,

We have loved bringing **Sheltering Hearts** to you, but this year, for everyone's safety, we have decided to send you this letter full of good wishes from our staff, board of directors, and Sheltering Hearts Committee.

PDC Orenda Center has continued to operate non-stop throughout the pandemic, often at full capacity. Indeed, it is one of only a few domestic violence shelters in the state to remain open for on-site shelter services. We are committed to helping families find safety, peace and well-being. Our advocates also continue to provide essential resources and support for survivors throughout North Wood County and Clark County.

If you have room in your budget to assist us this year, we invite you to choose one or more hearts, place them in an envelope with a check and the slip below, then mail them to PDC Orenda Center's address.

Please consider holding your own personal celebration at home with music, a glass of wine, good food, and candlelight. Know we will be with you in spirit, our hearts filled with gratitude.

Best wishes for health and happiness,

Sheltering Hearts Committee
